7.1 Fulfilling the dreams

Taiwan Fructose Co., Ltd assists children with development potential but economically disadvantaged. The donation fund of the Fenglun elementary school wheelbarrow association have an efforts to move children upwards, moreover to become a virtuous circle and enhance self-ability. We believe that if we inject more care and opportunities for the economically disadvantaged children in Taiwan, the children will have a new way to change their future, and furthermore expand their horizons and cultivate their diverse abilities.

7.2 Charitable carnival

Taiwan Fructose Co., Ltd continued paying attention to the impact of social changes. Using public welfare activities to promote the exhibition, and expecting to be the motivation for the positive changes of Taiwan society. In accordance with practical actions, we paid attention to social disadvantages and looking forward to implement social equality. In November 2018, we participated in the Taoyuan Jiafu charitable carnival. In the carnival, we adopted a booth to sell maltose and fructose for the charity, also explain the benefits of maltose. For the charity, we subscription to some quilts and blankets. In order to let children feel warmth in the cold winter.

7.3 Maltose cup golf charity event

Taiwan Fructose Co., Ltd has launched the maltose cup golf charity event since 2013. It was the sixth session this year. A total of 114 players participated in the competition, gathered together to support the healthy sport, also combined with the charity to spread love for the society.

In the past six years, we have continuously cultivated new players and create a good environment for them to try their best. By participating in this activity, young players can understand the meaning of gratitude. We expect they can be a person who spreads hope in the future, moreover, leading Taiwan march to the world's golf platform.

7.4 Teaching practice research program

Teaching practice research is to strengthen the university's emphasis on the core value of teaching. Invest in research which related to teaching practice is able to enhance the teaching knowledge of teachers'.

Through the design of curriculum, introduction of teaching aids, and the use of scientific technological media, the teaching quality of colleges and universities will be improve. Adopt appropriate research methods and assessment tools to verify the course of effectiveness, moreover implement the purpose of university talent cultivation.
